

Audition Video Checklist

Print this page and tick each box before you submit the online audition form. Everything here matches the exact requirements of the application.

How to apply online in 4 steps

1 Film a singing video

One song, sung live with no autotune. A phone camera in a quiet room is enough — we care about your voice, tone and control.

2 Film a dance video

30–60 seconds of choreography or freestyle. Show your full body in frame so we can see timing, lines and stage presence.

3 Film a short intro video

Say your name, age, country and why you want to be part of a global girl group. Speak in English, or subtitle your own language.

4 Submit the online application

Upload the three videos to YouTube (unlisted is fine) or Google Drive, then paste the links into the online audition form. Free, about 10 minutes.
